<b>The Rationale and Purpose of this policy</b>	To regulate the management and use of the closed circuit television (CCTV) system at the School.
<b>Appendices</b>	This policy has no appendices
<b>Copying</b>	No school policy is ever written in isolation. Acknowledgement of sources of advice and significant influence in the development and recording of policies at the New School are noted on the front page. We request that any schools or organisations incorporating large sections of this policy without alteration should make similar appropriate acknowledgement.

## Introduction

- 1.1 The purpose of this policy is to regulate the management, operation and use of the closed circuit television (CCTV) system at West Heath School, hereafter referred to as 'the school'.
- 1.2 The system comprises a number of fixed and rotating cameras located around the school site. Networked camera feeds are available to selected Admin, Boarding, IT & senior staff on the CCTV Network.
- 1.3 This policy follows Data Protection Act guidelines and the CCTV Small User Checklist compliance advice will be completed yearly by the school I.T. Manager.

## The Aims & Objectives of this policy..

- 2.1 To protect the school buildings and their assets.
- 2.2 To increase personal safety and reduce the fear of crime.
- 2.3 To support the Police in a bid to deter and detect crime.
- 2.4 To assist in identifying, apprehending and prosecuting offenders.
- 2.5 To protect students, members of staff and visitors.
- 2.6 To assist in managing the school.

## Statement of Intent

- 3.1 The CCTV Scheme is registered with the ICO under the terms of the Data Protection Act 1998.
- 3.2 The school will treat the system and all information, documents and recordings obtained and used as data which are protected by the Act.
- 3.3 Cameras will be used to monitor activities within the school and its car parks and other public areas to identify criminal activity actually occurring, anticipated, or perceived, and for the purpose of securing the safety and well being of the school, together with its visitors and contractors.
- 3.4 Materials or knowledge secured as a result of CCTV will not be used for any commercial purpose. Recordings will only be made available to law enforcement agencies involved in the prevention and detection of crime, and no other third parties
- 3.5 The planning and design has endeavoured to ensure that the Scheme will give maximum effectiveness and efficiency but it is not possible to guarantee that the system will cover or detect every single incident taking place in the areas of coverage.

- 3.6 Warning signs, as required by the Code of Practice of the ICO have been placed at all access routes to areas covered by the school CCTV.

## Procedures & Practices

### **4. Operation of the system**

- 4.1 The Scheme will be administered and managed by the IT Manager and the Estates Manager, in accordance with the ICO CCTV Code of Practice.
- 4.2 The day to day management will be the responsibility of the Senior Management team, the Estates Manager, IT Manager and the Learning Director for Boarding. Access to the CCTV facilities will be strictly limited to authorised staff only.
- 4.2 The CCTV system will be operated 24 hours each day, every day of the year.
- 4.3 The Estates Manager will check the operation of all cameras on a daily basis and report any faults to the IT Manager. The IT Manager will check the functionality of the system on a weekly basis.

### **5. Monitoring procedures**

- 5.1 Camera surveillance may be maintained at all times.
- 5.2 CCTV will be continuously recorded and will delete automatically
- 5.3 Video camera evidence of any incident, if available, will be used in investigating incidents of unacceptable behaviour, recognising that CCTV cameras are not, and will not, be used for the monitoring of teaching and learning. They are to deter poor behaviour and for the support and protection of staff, students, visitors, contractors, buildings & assets.
- 5.4 The decision not to have a CCTV camera installed in a classroom is at the discretion of the teacher responsible for that classroom. Where the teacher responsible for a classroom base would like the CCTV provision switched off, the camera will be disconnected.
- 5.5 Only members of the Senior Leadership Team have the authority to request a transfer of CCTV coverage to removable storage media for evidential purposes. This must be sealed, witnessed, signed, dated and stored in a separate, secure store (i.e the School safe).
- 5.6 The CCTV may be viewed by law enforcement agencies for the prevention and detection of crime. A record will be maintained of the release of any CCTV recordings to the

Police or other law enforcement agencies.

- 5.7 The Police may require the school to retain the stored data for possible use as evidence in the future. Such data will be properly indexed and securely stored until they are needed by the Police.
- 5.8 No other applications received from third parties to view or release CCTV recordings will be permitted.
- 5.9 Photographic evidence may be kept and used by the school in identifying, apprehending and prosecuting offenders.

## **6. Breaches of the code (including breaches of security)**

- 6.1 Any breach of this Policy by school staff will be initially investigated by the Principal, in order for him or her to take the appropriate disciplinary action.

## **7. Assessment of the scheme and code of practice**

- 7.1 Performance monitoring, including random operating checks, may be carried out by the Principal and the Premises Department management.

## **8. Complaints**

- 8.1 Any complaints about the school's CCTV system should follow the school's complaints procedure.

## **9. Access by the data subject**

- 9.1 The Data Protection act provides data subjects (individuals to whom "personal data" relates) with a right to data held about themselves, including those obtained by CCTV.
- 9.2 Requests for data subject access should be made in writing to the Principal.
